SUMMARY

Computer Science student with strong knowledge of Python and Django web development. Experienced in building web applications with authentication, data handling, and user interaction. Passionate about developing real-world applications and continuously improving problem-solving skills.

SKILLS

Programming Languages: Python

Database Technologies: SQL (SQLite)

Frameworks: Django

Tools: Git, GitHub, VS Code, Jupyter Notebook

Libraries: NumPy, Pandas

PROJECTS

Student Hub Marketplace

Developed a full-stack web platform that enables students to buy, sell, and rent items within their college community. Implemented secure peer-to-peer transactions, real-time messaging, and dynamic product listings, providing a seamless and user-friendly marketplace experience.

- **Tech Stack:** Django, SQLite, HTML, CSS, JavaScript, Bootstrap

Student Management System

Developed a full-stack web application to manage student records, staff information, and academic workflows. Implemented authentication, role-based access (Admin, Staff, Student), and dynamic data handling with a responsive UI.

- **Tech Stack:** Django, SQLite, HTML, CSS, JavaScript, Bootstrap

EDUCATION

Vaagdevi College of Engineering, Warangal	July 2023 – Present
Bachelor of Technology, Computer Science and Engineering(Data Science)	CGPA: 8.14 / 10.0

New Chaitanya Junior College, Bhadradri Kothagudem	June 2021 – May 2023
Intermediate (MPC)	Percentage: 89%

Zilla Parishad High School, Bhadradri Kothagudem	June 2020 – April 2021
Secondary School Certificate (SSC)	GPA: 10.0 / 10.0

CERTIFICATIONS

- Full Stack Web Development with Django – EY Global Delivery Services, AICTE, Edunet Foundation
- Programming in Python

ACHIEVEMENTS

- Participated in MENTIS, National Level 24-Hour Mental Health Hackathon
- Worked on real-world mental health problem statements in a team environment
